

Drug Treatment Clinic, Churachandpur

On 23rd February, 2016, the National Drug Dependence Treatment Centre Team visited the District Hospital, Churachandpur. After that, the Centre team approved to open DTC (Drug Treatment Clinic) on 3 District, viz., Churachandpur, Bishnupur and Thoubal on the 16th March, 2016. Again, on 14th June, 2016, 3 staffs for Churachandpur were issued employment letter and on 1st July, 2016, the selected staffs gave joining letter to the Superintendent of District Hospital, Churachandpur.

DTC – CCP Staffs :-

Dr. N. SAMTE, MBBS
Medical Officer, DTC, CCpur

L. SONIA KOM, M.A. (Sociology)
Counselor, DTC, CCpur

Vungthanching, A.N.M.
Nurse, DTC, CCpur

Under this scheme, 417 patients were registered in DTC, Churachandpur during a year till today we have treated 122 clients by Methadone, 98 Client have been detoxified on Buprenorphine (BPN), 87 client by Naltrexone, 49 client by disulfiram and remaining clients were treated by locally purchase medicines (recommended from National Centre).

DTC is running very smoothly, clients and their family were very much supportive for this program. Several social media come in touch with DTC program for effective treatment for all types of substance users in the District. Clients with their family have full expectation from our DTC to reduce harm, abstinence of the drugs and improving their quality of life. There has been a good response from the community for improving in terms of psychosocial functioning, becoming productive member in the family and even in our society.
